

CHATEAU HAUT-BRION

Château Haut-Brion 1931

Château Haut-Brion's tasting notes :

A LESSER YEAR

Bottles of 1931 Haut-Brion show an astonishing concentration. The wine has a strong and bitter tannin taste with nuances of caramel and charred wood that remain despite its age.

Weather conditions

Sum of temperatures : 2974°C

Rain : 488 mm

Current vintage notes

A cold and extremely rainy year. The month of August was catastrophic and September bad. On the whole, the wines tasted poor from the start, \green and acid off-tastes, disagreeable bouquets\" wrote Daniel Lawton in November 1931, of the Medocs and Blayes. A difficult year."
