

CHATEAU HAUT-BRION

## *Château Haut-Brion 1932*

Château Haut-Brion's tasting notes :

A LESSER YEAR

Practically nothing chateau-bottled.

*Weather conditions*

Sum of temperatures : 3038+C

Rain : 677 mm

*Current vintage notes*

A relatively cold year, very rainy. The absolute record for rainfall-with 677 mm. in seven months. Vine diseases were very difficult to fight and on the whole the wines were of mediocre quality.
