

CHATEAU HAUT-BRION

Château Haut-Brion 1949

Château Haut-Brion's tasting notes :

AN EXCEPTIONAL YEAR

The structure, still tannic and powerful, surprises. For such bottles, it is necessary to wait longer. A concentrated richness, very complex, envelop the palate. The tannins are still young and somewhat excessive. A wine of rare power.

Weather conditions

Sum of temperatures : 3458 °C

Rain : 286 mm

Current vintage notes

A dry year, but above all very hot. A very great vintage, difficult to make because of the heat. Some wines suffered because of it, but on the whole it is a year of great quality.
