

## CHATEAU HAUT-BRION

### *Château Haut-Brion 1960*

Château Haut-Brion's tasting notes :

#### AN AVERAGE YEAR

The wine has developed very well for a lesser vintage. On the palate, the sweetness predominates and the nose evolves notes of mushrooms in the undergrowth. The finish shows the test of time.

#### Weather conditions

Sum of temperatures : 3130 °C

Rain : 459 mm

Days where temperature above 30 °C : 7

Harvest : from 19/09/1960 to 29/09/1960

#### Current vintage notes

A very early year from the start, with full-flowering in the Gironde on May 30th. But the summer was cold and rainy. Practically no very hot days: one in July, one in August and none in September-which brought 177 mm. of rain, and cold. The wines are light and fade rapidly in the glass.
