

CHATEAU HAUT-BRION

Château Haut-Brion 1970

Château Haut-Brion's tasting notes :

A GOOD YEAR

Today, this is the sort of wine to wait for. Very complex and tannic, but also harmonious and with good wood, notes of spice and the Cabernet grape. In the mouth, it is round, fleshy, young. A beautiful wine that needs more time.

Weather conditions

Sum of temperatures : 3184 °C

Rain : 232 mm

Days where temperature above 30 °C : 12

Harvest : from 25/09/1970 to 02/10/1970

Current vintage notes

A perfect year without excess (there were only 12 days of very high temperatures). Very dry summer and a fine month of September. The harvest was very abundant and of very good quality. Excellent wines produced in the entire Bordeaux area.

Domaine Clarence Dillon
