

CHATEAU HAUT-BRION

## *Château Haut-Brion 1974*

Château Haut-Brion's tasting notes :

AN AVERAGE YEAR

An astonishing wine considering the year. The perfume is clean and powerful. In the mouth it is rich and complex, very long, noble and harmonious.

*Weather conditions*

Sum of temperatures : 3124 °C

Rain : 301 mm

Days where temperature above 30 °C : 17

Harvest : from 29/09/1974 to 10/10/1974

*Current vintage notes*

There are many similarities between 1973 and 1974. The two years saw months of June and August that were hot or normally so. July 1974 was normal, September rainy (100 mm.) and cold. The coloring of the grapes was late. On the whole, very good wines were produced throughout Bordeaux.
