

CHATEAU HAUT-BRION

Château Haut-Brion 1975

Château Haut-Brion's tasting notes :

A VERY GOOD YEAR

Truly great wine-everything in aroma, fruit and power. Very much marked by nobility. A structure which is at once tannic and smooth. Much complexity of taste. An exceptional wine.

Weather conditions

Sum of temperatures : 3250 °C

Rain : 362 mm

Days where temperature above 30 °C : 16

Harvest : from 25/09/1975 to 08/10/1975

Current vintage notes

June, as well as July, were very hot. September, on the other hand, was variable. Fair weather for the harvest. Everywhere, rich and powerful wines which will require a long time in the bottle to develop fully.
