

CHATEAU HAUT-BRION

Château Haut-Brion 1982

Château Haut-Brion's tasting notes :

AN EXCEPTIONAL YEAR

Very great wine. An outstanding vintage year for both quantity and quality. A wine with great harmony and balance, very rich in tannin. This wine ends beautifully full and complex at the same time.

Weather conditions

Sum of temperatures : 3300 °C

Rain : 290 mm

Days where temperature above 30 °C : 18

Harvest : from 15/09/1982 to 24/09/1982

Current vintage notes

It is very seldom that such good conditions are met. April was very dry and hot. June slightly thundery. A hot summer followed 40°C on July 8th. Very hot during the harvest. Excellent weather conditions to produce a great wine.
