

CHATEAU HAUT-BRION

## *Château Haut-Brion 1983*

Château Haut-Brion's tasting notes :

A GOOD YEAR

Much tannic richness with body and size. Well structured wine with great complexity and a long after taste. Should age beautifully.

*Weather conditions*

Sum of temperatures : 3351 °C

Rain : 437 mm

Days where temperature above 30 °C : 24

Harvest : from 26/09/1983 to 07/10/1983

*Current vintage notes*

Wet spring-June was dry and very hot during two weeks. A hail storm on July 3rd and 4th. August was hot but humid somewhat like a tropical climate. Beautiful weather during the harvest.
